let's make it unforgettable

For those who want a wedding that moves, one of those moments that makes silence smile and brings a sparkle to every eye.

There is no need for grand artifices or elaborate scripts, all it takes is a single detail: unique, special, different.

four ideas

THE BEST LIVE SAXOPHONE

BigDani, Big Dani: saxophone and live jazz at its highest expression.

Big Dani is the stage name of Dani Pérez, widely regarded as one of the finest saxophonists in Spain. He is a leading voice in Jump Blues, Rhythm & Blues, Rock & Roll, and Boogie Woogie. A member of The Big Jamboree and Los Rebeldes, his live performances are pure, authentic, energetic and unapologetic—capable of transporting you straight to the heart of Mississippi. A masterful performer and regular collaborator of legendary artists: Carl Perkins, Billy Lee Reely, Dale Hawkins and Koko Taylor, as well as legendary names on the Spanish scene: Seguridad Social, Loquillo and La Frontera.

He offers a live show ideal for ceremonies and aperitifs, with a tailored repertoire. Ninety minutes of timeless, elegant, impeccably performed music. A real luxury.

Price: €930

Why live music? Because it elevates your wedding to another level of authenticity and emotion—its ability to convey deep feelings and create unique atmospheres speaks of elegance, sensitivity, exclusivity, sophistication and unforgettable moments.

DRONES: A CINEMATIC WEDDING

If you want the most breathtaking visual memories, filming your big day with drones is essential. The panoramas, framing and unique perspectives are impossible to capture any other way. The result is stunning footage—unexpected angles, dynamic camera movements and cinematic aerial shots worthy of a film set.

Outdoor and indoor filming (Palau dels Vents)

The service includes filming, photography, editing, a certified pilot, and 4K audiovisual material:

- 18" 4K video with custom soundtrack
- Gallery of 30 aerial photos

4-hour session: 550€

7-hour session: 870€

PERFUMES: LIMITED EDITION CRAFTS

Nectar of Venus. Emotional jewels.

Nectar de Venus are master artisans in the creation of high-end personalised perfumes. 50 ml of an essence that tells your story, crafted to represent you, presented in luxury packaging, signed, numbered and designed to last. The gift includes personalization with your names and a message inside (creation of a wedding logo and date, with a personalized note). Their work is based on a palette of 30 handcrafted essences across four collections: the seasons, day and night, zodiac signs and emotions. All of them include unisex, female and male versions. An olfactory tasting will be organised for the couple to choose the fragrance that best represents them on their day.

Price: €42 per unit

Why a perfume or a fragrance? Humans remember 5% of what we see, 2% of what we hear, 15% of what we taste and 35% of what we smell. We can recognise 200 colours, but up to 10,000 fragrances. Smell is our most intimate sense, scents awaken memories, evoke lived moments and connect directly with emotions. What would a life without smell be? Or a rose without perfume?

KARAOKE: THE MINUTE OF GLORY

For the most fun and shared wedding celebration. Repertoire tailored to your tastes. During the dance after the banquet, with:

- 2 wireless microphones
- display
- sound equipment
- lighting equipment
- smoke Machine

3 durations:

- 20': €280
- 35': €390
- 60': €540

Sessions can be continuous or alternated with dancing, with musical transitions that blend seamlessly with the mobile disco.

The balance between the type of guest, the chosen repertoire (always animated songs) and the duration is highly recommended. Long karaoke sessions or open-request formats are not recommended. A good time to do this is always in the final stretch of the dance, when there are people who start to be exhausted from so many hours of celebration: Karaoke becomes a highlight that restores energy, sparks laughter and closes the celebration on a high note.

Why invite people to sing? Because it is the soul of the most brilliant parties—encouraging participation, creating epic moments and spreading happiness. It's an adrenaline rush that releases endorphins, serotonin and dopamine, building connection and trust. Karaoke also produces some of the most memorable photos and videos.
